

# IELTS ONLINE TRAINING

## What is IELTS?

The international English language testing system (IELTS) is the world's most popular English language proficiency test for higher education and global migration, with over 2.9 million tests taken in the last year.

IELTS assesses all of your English skills — reading, writing, listening and speaking, and is designed to reflect how you will use English at study, at work, and at play, in your new life abroad.

IELTS test is developed by some of the world's leading experts in language assessment. It has an excellent international reputation, and is accepted by over 9,000 organisations worldwide, including schools, universities,

employers, immigration authorities and professional bodies. IELTS is the most widely accepted English language test that uses a one-on-one speaking test to assess your English communication skills. This means that you are assessed by having a real-life conversation with a real person. This is the most effective and natural way of testing your English conversation skills.
